

Dec. 2, 1975 - Tues.

Dear Vickie and Jim,

I have the baby today and
just put her down for her
nap so will write to you now.
Mary and Mike and Diana

plan to Spokane Thanksgiving morn-
ing. They were scheduled to leave
Sunday night and sat in the air-
port for five hours when it was
announced that the N.W. plane from
Minneapolis would not be stopping
but would continue on to Seattle.
They then got a hotel room and
arrived home late Monday afternoon.
The storm in Eastern Wash. was
so terrible, I just knew they
wouldn't be able to get home.
Everyone driving from here was
stranded and it took them hours
to make it to Ellensburg and that
was as far as they could get.

The weather on this side is bad also. Wind and rain and the rivers are flooding. Mary was so tired today so I went after dinner the first thing this morning so Mary could spend the day in bed.

I hope you had a nice weekend with Saudi and Dick. We had a good time at Bossons on Thanksgiving.

I am making a Santa Claus suit as I am having a party for all the little kids on the 19th. It just the Nieces and my two special neighbors. There will be twelve children and the mothers and I am going to be Santa Claus.

I don't remember just what date you are leaving on your trip so I mailed a little package to you yesterday. When you come

here I decided I had thought
of having you pick out some-
thing that you would like.

It was a good thing we left
early for the airport because
on my way home I could see
there was an accident on that
side and the cars were at a
stand still for miles.

We loved seeing you.

Love,
Mom
